

# **Course “Standards for digital encoding” 2006/2007**

**Tomaz Erjavec**

**2006-11-23**

Each homework counts for 15% of the final exam score. The homework consists of producing XML files and XSLT scripts. The homework should be sent by email to [tomaz.erjavec@ijs.si](mailto:tomaz.erjavec@ijs.si).

## ***Homework 1***

**due date: 2006-11-24**

Make a TEI document which contains the 3 “cabbage” recipes. Mark up also the TEI header and foods in the ingredient list, e.g. “1 nice `<term>truffle</term>`, about 30 g”.

## ***Homework 2***

**due date: 2006-12-01**

Write a XSLT stylesheet that converts your recipe file to HTML and also produces a table of contents.
